**Does not include golf gloves and items already on sale.*

Big Improvements Coming to Cable

From ARTHUR STEWART, PRESIDENT

We opened the bar and restaurant a few weeks ago and the feedback has been super. We are serving an All-Day Menu and dinners on Friday. Come join us and let us know your thoughts!

On the golf course we're deep into planning with our architects, Paul and Garrett. They are designing new tees and greens for 5 & 6 and have suggested combining holes 11 and 12 to make a par 5. We'll need a new hole, which we are currently planning to the west of holes 13 and 14. Our goal: have every hole be interesting, FAIR, and rewarding of good golf shots.

Arthur with his grand-children at the Mother's Day Brunch.

Arthur (left) and Jerry (right) discussing course changes with John Bortz (seated) and architect Garret (standing).

We'll soon be resurfacing the parking lot and changing traffic direction. I'm not nuts—I want to plan for a new driveway entrance that will be further north and NOT AS STEEP! We'll have to remove some trees, but in the end, it will make for easier access and more parking.

The parking will be necessary for the pavilion we are building north of the clubhouse. The plan is a timber frame pavilion that will feature the views to the west. We'll be able to host all the players, from even the largest tournaments, at the new location. We're also working on a cart barn expansion.

We are working to make Cable Hollow a fun course with facilities to serve all your needs. Let us know how we are doing and how we can do better.

Improving Play at Cable Hollow

From TYLER MARTIN, GENERAL MANAGER

We are starting our work on additional tees for all holes. We want to provide tees for golfers of all skill levels, and are building closer tees for the shorter hitters and longer tees for the big swingers.

The additional tee boxes are very popular at golf courses that have invested in them, and we think that bringing these to Cable Hollow will make for more fun experiences. You can see the new tees on hole # 1. Soon, they will be appearing all over the course!

Jerry has the course in tremendous shape. We're investing in extra seed and fertilizer and I have been spending time planting wildflowers (which I hope we will see later this summer).

Jake has an exciting list of golfing events—check out his calendar online. I've asked him to concentrate on improving the pace of play at Cable. We're aiming to see round times drop from 5.5 hours to less than 4.5. That's going to take everyone's help, and when we achieve the faster play, it's going to be more fun for all. We've spaced out the tee times and we're asking everyone to have tee times. We'll have a course ranger on busy days and Jake will be on the course to help with questions and tips.

Track me down if you have any concerns—I'm at the course every day.

Tyler building one of the new tees on the first hole.

The Restaurant and Bar are Open!

From JOANNE MARTIN, CLUBHOUSE MANAGER

It's been months of bar building, kitchen equipment replacement, and a thousand other tasks. But it's all finished and we are now serving food and beverages daily. We have an All Day [Menu](#) and daily specials. We are also available for special events and had a great turnout for our Mother's Day Brunch.

Our staff are enjoying getting to know you and I appreciate all the kind feedback I have received about the décor and food. Jerod is a tremendous chef and we are seeing a lot of repeat customers. The kitchen is getting busy and we have hired a second chef. We also have takeout, and when you are playing golf, remember to call in your takeout food order at hole # 7 (814-757-4765).

Call us about hosting your special event!

Spring Course Report: Great Shape

From JERRY MARTIN, COURSE SUPERINTENDENT

I hope you are enjoying the 2023 season. I've been changing the mowing patterns to give you a new look. I've also been applying white paint to help steer carts away from greens and tees. As the course dries out, I will move the white lines closer so you don't have to walk so far. Thank you for your help in keeping the course in great shape.

I'm also very impressed with the low number of ball marks on the greens—thank you for fixing them during play.

Construction of new tees is happening on the course. We try to watch for play and to move to a safe spot as you are playing through. If we fail to see you don't be embarrassed to wave or shout so that we move out of your path.

Jerry enjoying Mother's Day.

Speeding Play and Coming Events at Cable

From JACOB McCULLOUGH, DIRECTOR OF GOLF

I'm working hard in 2023 to improve the pace of play at Cable. A round of about 4 and ½ hours ensures that everyone has an enjoyable experience. To speed play, we have spread out our tee times. Also, our course rangers and I will be out on the course to help keep things moving smoothly, so please don't hesitate to ask for our assistance. On your end, please stay up with the group ahead of you and please start on the correct hole at the correct time. Tee times have preference on our course; you can [book online](#) or by calling the Pro-Shop. We appreciate your help in maintaining a steady pace of play and making it enjoyable for everyone.

We are also excited to announce the launch of our [2023 Event Book](#). Our Book is now available online, making it easier than ever to stay up-to-date with all our upcoming events. From tournaments to special events, it has all the information you need to fill out your 2023 golfing calendar. You can find the link to the Event Book on our website. Many of the events coordinated by Cable Hollow/Pro-Shop require a GHIN Handicap. If you do not have one, please stop by the Pro-Shop.

Last, we would like to remind everyone that our course is open to golfers of all levels. Whether you are a beginner or an experienced player, we have something for everyone. Our Leagues, events and promotions cater to golfers of all skill levels and interests.

Thank you for the support and we look forward to seeing you on the greens soon!

Jake at the 2023 PGA.
